

How to enter your house.

Step 1: Exit any vehicle you may have been in and walk up to the door

Step 2: Pull out your house key if door is locked

Step 3: Turn key to unlock your door

Step 4: Turn the handle and push or pull the door open

Step 5: Step through the door

Step 6: Close door behind you

Nate- Should I put my key in the lock when I turn it? Or can I just turn the key in my hand? What if I can't pull out my house key unless I also pull out my car keys?
